## THE FLOOD SITUATION

Brazos River About Reached the Height it Will Go.

### FOUR BODIES LOST.

Only Three of the Drowned at Waco Recovered—The Damage to Railroads Not as Great as Was at First Reported.

Galveston, April 30.—The flood situation in south Texas looks better. The indications are that the worst of the flood in the Brazos river basin is over if more rain do not follow.

Bryan, about 150 miles from the mouth of the river, reports the Brazos out of banks and considerable bottom land overflowed, and the river rising two inches an hour.

Navasota, a short distance further south, reports the river close to the tops of the banks. The Navasota river is out of its banks and is flooding lowlands.

Richmond, about 55 miles from the mouth of the river, reports the stream 13 feet and 10 inches below the big flood of last June.

Thompson, a few miles south of Richmond, reports the river running over the south bank and rising an inch an hour. It will have to rise four feet more to do much damage.

Velasco, near the mouth of the river, reports the water 3 1/2 feet below last June's high mark. The river is rising slowly and lowlands are inundated.

The Texas railroads have not suffered any great losses in the destruction of property and those which have washouts are operating by making detours over other lines.

The Southern Pacific bridge at Columbus, which was washed out about three weeks ago and which was replaced by a temporary structure, was again washed out. The Gulf, Colorado and Santa Fe lost about 2500 feet of track and some small culverts on its San Angelo branch. About two miles of its track on the Montgomery branch are under water and two or three small trestles gone. The main line is intact.

Thus far the injury to the crops from overflowing streams does not seem to be great, but reports indicate very considerable damage by a succession of excessive rains.

### THREE BODIES BURIED.

Four More Swept Away by the Flood Have Not Been Recovered.

Waco, Tex., April 28.—Of the seven persons known to have been drowned in this freshets arising from cloudbursts in this city Friday afternoon three bodies have been interred and the other four are still missing. Mrs. Candler and her daughter, Miss Emma, were buried in one grave at the Odd Fellows' cemetery, and the grave was heaped high with flowers.

Mayor Riggins says the damage to culverts and bridges and streets will not exceed \$15,000. He estimates the loss to private property at somewhere near the same amount and says he is certain that the entire loss by the flood inside Waco will not amount to more than \$30,000, or \$35,000 at the outside.

Waco Creek and Barron's Branch have their heads on a plateau west of the city and passing through their separate valleys they form on the map the letter "V." Close to these two streams were many cottages and homes of poor people and about 100 of these humble residences were swept out of existence. Therefore, about 100 families were deprived of homes.

### Goebel Murder Trial.

Frankfort, April 30.—Seven of those charged with being either principals or accessories in the murder of William Goebel will be arraigned in the circuit court today. They are Republican Secretary of State Cabel Powers, Henry E. Youtsey, Harlan Whittaker, John W. Davis, W. H. Culton, Wharton Golden and Richard Combs, alias "Tallow Dick", a negro. Motions for bail are to be made in each case and motions for a change of venue have been applied for by Powers, Davis, Whittaker and Combs. The large array of witnesses which have been summoned to give testimony will put upon recognition bonds and the hearing of witnesses will begin with the prospect of consuming several days.

### Governor Taylor in Louisville.

Frankfort, Ky., April 30.—Ex-Gov. Brown, J. C. Sims and the attorneys for those now under arrest charged with the murder of William Goebel, arrived here this morning, but motions for bail and change of venue will not be taken up until the afternoon, as the court will not convene until then. A number of Governor Taylor's friends were at the station to meet him, but he remained in Louisville to confer with his party leaders.

### Kentucky Contest Being Argued.

Washington, April 30.—Argument in the Kentucky governorship case began in the United States supreme court at 12:30 o'clock today. The first presentation was made in behalf of Governor Taylor by Attorney Helm Bruce.

### Boer Commission Coming.

The Hague, April 30.—The members of the Boer peace commission will sail from Rotterdam for the United States next Thursday evening by the Holland-American line steamer Maasdam.

### IMPORTS AND EXPORTS.

What the Philippines Reached in Four Months Last Year.

Washington, April 30.—The division of customs and insular affairs of the war department has made public an advance summary of its monthly bulletin relative to the imports and exports of the Philippine islands for the period of four months ended Oct. 31 last.

The total value of merchandise imported during this period was \$3,912,521, comprising articles of food and animals to the value of \$2,084,124, manufactured articles \$4,532,424, luxuries \$463,808, imported articles in a crude condition \$472,298, and articles not classified \$1,359,967. Goods to the amount of \$378,707 were admitted free of duty.

The total value of exports during these four months was \$5,774,049, of which agricultural products amounted to \$5,192,448, products of manufactures \$471,391, products of mining \$38,391 and exported articles not classified \$161,829.

During the above period 740 sailing vessels and 441 steam vessels entered Philippine ports, and 788 sailing vessels and 435 steam vessels cleared from the ports of the islands.

The local trade with all ports combined was, importation \$9,978 and exportation \$6,414,329. Although the imports during this period exceeded the exports by \$3,563,918, only three ports were open for trade.

The report records the fact that the sanguinary war carried on in the most fertile portions of the islands very naturally paralyzed native industries, large quantities of hemp, rice, etc., being destroyed by retreating insurgents to prevent the same from falling into American hands. Under normal conditions, however, it is expected that the trade of the Philippines will increase greatly and the balance of trade turn strongly in favor of the islands.

### PINGREE A DEMOCRAT.

He Will Leave the Republican Party and Vote With the Democrats.

Detroit, April 30.—Governor Pingree asserted in an interview here that the hope of the people in this year's general election is in the Democratic party. The governor has always hitherto been an independent Republican. Speaking of the increased power of trusts, Governor Pingree said: "There is no use in hoping that the Republican party will do anything with them."

"Are you preparing to announce your withdrawal from the Republican party?" the governor was asked.

"There is no announcement about it. I only say what I have said all the while. You haven't heard me say anything against the Democrats for some time. I believe that the hope of the people is in the Democratic party this fall."

### BARKER'S OPINION.

He Thinks the Populists Can Win if He Heads the Ticket.

Philadelphia, April 30.—Interest has been aroused in the approaching Populist national convention which will be held in Cincinnati, May 9, owing to the possibility of that party turning its back upon W. J. Bryan. According to Wharton Barker of this city who has received the endorsement of some of the Populist state conventions for president, there will be between 800 and 1000 delegates at the Cincinnati convention, the majority coming from the south, west and central west.

Asked as to the effect of his nomination for the presidency by the Populists on Mr. Bryan's candidacy, Mr. Barker said:

"There can no longer be a doubt in the mind of any one who considers the situation that at least 1,500,000 of the 2,000,000 Populist votes cast for Mr. Bryan in 1896 will this year be lost to him and cast for the presidential candidate of the People's Party. That the Democratic leaders know this fact is made clear by the course of Hill, Patterson, Gorman and their associates."

"The Democrats will probably give the nomination to some one else and and thus invite the gold Democrats back into the fold."

Mr. Barker said he thinks the Populists have a fighting chance to win the presidential fight. With McKinley, Bryan and Barker as the candidates, he believes the former will win, but with Bryan not in the race McKinley's prospects would be less bright.

"I think," said Mr. Barker, "Bryan is the man the Republicans would like nominated."

The band concert at the opera  
house last night was highly credit-  
able to the members of the Harris  
band, an organization which Bry-  
an may well be proud of. The pro-  
gram was carefully selected and  
well rendered throughout. The  
members of the band have worked  
faithfully and persistently, and  
their success is due to intelligent  
application, and is fully merited.  
They have shown an accomodat-  
ing spirit by responding cheerfully  
with music on public occasions;  
music is an indispensable feature  
of functions of a public character,  
and the advantages of it have been  
shown several times recently. The  
attendance last night was  
only fair—not so large as might  
have been expected—but those who  
were present thoroughly enjoyed  
every number on the program and  
responded with vigorous applause.  
Prof. Miller and some of the mem-  
bers of the College band contribu-

### LOSSES IN PHILIPPINES.

The Total Number of Troops Killed and  
Died Reaches 2256.

Washington, April 30.—In comparison  
with the casualties suffered by the  
British troops in South Africa, those  
sustained by the American forces in the  
Philippines seem very small. A state-  
ment just compiled by the war depart-  
ment shows that from July 1, 1898, when  
American troops reached Manila, until  
April 27, 1900, the following deaths have  
occurred:

Killed and died of wound 43 officers  
and 552 men, died of disease 26 officers  
and 1635 men; total 69 officers and 2187  
men. Making a grand total of 2256.

Several thousand have been wounded  
but only a small per centage have died  
of wounds and most of them have re-  
turned to duty.

The war department has just issued a  
complete table of the casualties in the  
Fifth army corps in the operations  
against Santiago, from June 22 until  
July 17, 1898. The losses are given:  
Killed, 21 officers, 222 enlisted men,  
wounded 101 officers, 1344 enlisted men,  
total 1688 officers and enlisted men.

The total strength of the forces oper-  
ating against Santiago is given as 868  
officers and 17,349 men. The Seventh  
regular infantry lost the greatest num-  
ber of men, its killed and wounded num-  
bering 132. The Sixteenth regular in-  
fantry lost 129 men and General Roose-  
velt's regiment and the Sixth regular in-  
fantry each lost 127 men.

said he came prepared to give the matter  
a thorough test.

### Accident at Paris Exposition.

Paris, April 30.—An accident that  
threw a pall over the happiness of an  
immense throng, who had profited by  
the magnificent weather to visit the ex-  
position, occurred within the exposition  
grounds Sunday afternoon. A temporary  
bridge unable to withstand the immense  
crowd, broke. It is known that six per-  
sons were killed and about 40 others in-  
jured.

### Coal Near Orlando.

Orlando, O. T., April 30.—Prospectors  
who have been at work in this vicinity  
for some time have found outcroppings  
of coal in a creek bank within five miles  
of the town, also a fine ledge of soap-  
stone, which is a good sign of coal.

### Another Accident.

Paris, April 30.—There was another  
accident at the exposition. The scaf-  
olding collapsed in Salle des Fete where  
inauguration ceremony was being held.  
One workman was killed and three seri-  
ously injured.

### Panama Concession Extended.

### BOERS GET AWAY.

They Leave Thabanchu to Take up a Better Position.

London, April 30.—The latest news from Orange Free State indicates that though the Boers have evacuated Thabanchu they have only done so in order to occupy stronger positions. Sunday General DeWet made an effort to turn French's eastern flank, which was only foiled by cavalry after vigorous maneuvering. The Boers hold the ridges to eastward, whence they will probably fall back when pressure of superior numbers increases. The British casualties sustained during the Thabanchu fighting was slight. Roberts' object now, that all chances of catching the main body of burghers has disappeared, is harassing the Boers and prevent any well organized retreat.

From Beira, Portuguese, East Africa, under date of April 23, comes news of the arrival there of the Canadian 12-pounder battery. It is added that Gen. Carrington who is to command the British troops going to Rhodesia, has been cordially welcomed by Portuguese officials and has reviewed the Portuguese troops.

Cape Town reports say Mr Jameson has recovered from the severe attack of fever from which he has been suffering, and he is mentioned as a candidate for one of the seats in the Cape parliament, representing Kimberley in succession to Dr. Frederick Rutherford Harris.

The agent of Julius Weil at Mafeking wrote, under date of April 12, most cheerfully saying everything was satisfactory. He added the Boer guns were firing heavily into the town and a determined attack had been repulsed without casualties on the British side.

A conception of the continuous ravage of war can be gathered from a Cape Town dispatch briefly announcing the arrival from Natal of 25 officers and 252 men at the invalid home and the sailing of the Aurania for England with 500 sick and wounded soldiers.

A similar dispatch announces 500 experienced native horse keepers, 150 shoemiths and 50 veterinary officers have been drawn from India for service in South Africa.

### ROBERTS' PLANS.

Some Criticism Made, but Roberts Has Done Exceedingly Well.

New York, April 30.—A dispatch to The Tribune from London says:

The distance between Thabanchu and Ladybrand is 40 miles and the veldt leads into a hilly and even mountainous district. At the edge of Basutol and Ladybrand is a natural point for the concentration of Oliver's and DeWets forces and can only be approached by the British army in strength. Gen. Roberts' plans are not given by the dispatch. He can either follow the Boers towards Ladybrand and then resume the advance northward to Senekal or make a narrow wheeling movement from Thabanchu and throw the bulk of his forces between Windburg, DeWets and Oliver's commandoes. The condition of his transport are unknown and the direction of the next movement of the British forces cannot be fore casted with any degree of confidence. Roberts has cleared his eastern flank but may be compelled to halt until his transport is in order.

The war office has given out a short death list including the names of five officers, but offered no explanation of the operations around Thabanchu since Friday morning. The natural inference was the Boers had retreated toward Ladybrand and that French had not succeeded in surrounding them or blocking the road. The brilliance of Roberts' maneuvers are generally recognized by well informed military men but the Aldershot group is ready to criticize his strategy and tactics which did not involve the capture of several cannonades. These croakers are bent on having a Paardeberg every time, but this hardly is reasonable, especially when the Boer forces are led with exceptional caution and ability.

Roberts' results are accomplished without serious losses. His campaign is different from the battle of Colenso in which the British casualties were 1150 and Boer losses 30, an astonishing exhibit which has induced sober reflection here upon Aldershot methods of training and field practice and similar deductions might be drawn from the record of Methuen at Magersfontein.

### SENSATION IN DUBLIN.

Arrest of Three Men for Attempting to Blow up Welland Canal Causes Talk.

London, April 30.—Reports come from Dublin of considerable uneasiness in circles there with which Nolan, Walsh and Rowan were arrested in Canada in connection with the blowing up of a lock of the Welland canal near Thorold, Ont., on April 21, are alleged to be connected and the authorities anticipate some hasty departures from the city.

It is said John Nolan previously had been arrested for complicity in the Exchange court explosion near Dublin castle. Nolan, Walsh, Rowan and John Merna sailed for Philadelphia in November and it is now suggested that Merna has been "removed" by his comrades. It is further alleged that if Nolan others are convicted, light will be thrown on several noted criminals.

### Indians Starving.

Wichita, Kas., April 30.—It is reported from the Kiowa and Comanche agency that the Indians are starving. The money due them has not been paid, it is said, and their rations have been cut off. It is reported traders have refused them credit. Their squaws are begging food.

## NO BOER SYMPATHY.

The Senate Refuses to Consider Such  
a Resolution.

### VOTE WAS 20 TO 29.

The President Signs the Hawaiian Bill.  
Chief of the Bureau of Engrav-  
ing and Printing Resigns.  
Congressional Forecast.

Washington, April 30.—By a vote of  
20 to 29 the senate refused to consider  
resolutions in sympathy with the Boers.  
The detailed vote was as follows:

Yeas—Allen, Bate, Berry, Chandler,  
Clay, Hale, Harris, Heitfeld, Hoar, Jones  
of Arkansas, Kenny, McCumber, Mc-  
Enery, Martin, Mason, Pettigrew, Ross,  
Teller, Turner and Vest—20.

Nays—Aldrich, Allison, Bard, Carter,  
Clark of Wyoming, Davis, Fairbanks,  
Foster, Frye, Gallinger, Gear, Hawley,  
Jones of Nevada, Kean, Lodge, McComas,  
Morgan, Nelson, Penrose, Perkins, Pet-  
tus, Platte of Connecticut, Platt of New  
York, Sewell, Shoupe, Stewart, Sullivan,  
Warren and Wolcott—29.

### Congressional Forecast.

Washington, April 30.—So far as can  
be now foreseen the week will be given  
up largely to the Alaskan code bill and  
to appropriation bills in the senate.  
When the army appropriation bill is dis-  
posed of it is probable the fortifications  
bill will be taken up. There will be an  
effort to secure financial disposition of  
the Alaskan bill but as there is much  
opposition to the Carter amendment it  
impossible to say whether the effort will  
succeed.

Senator Chandler on Wednesday will  
ask consideration of the resolution in the  
case of Senator Clark of Montana, but  
there will be a request for more time to  
read the testimony, and the case prob-  
ably will go over for at least several days  
more.

On Thursday the senate will listen to  
eulogies on the late Representative  
Baird of Louisiana.

The feature of the week in the house  
will be the Nicaragua canal bill, which  
will be considered Tuesday and Wednes-  
day. The elimination of the section re-  
lative to the fortification of the canal re-  
ceives the objections entertained to it  
by friends of the Hay-Pauncefote treaty,  
but because of that very fact the resent-  
ment of some of the Democrats has been  
aroused. The bill, however, doubtless  
command a very large majority when it  
comes to a vote.

### President Indisposed.

Washington, April 30. President Mc-  
Kinley is suffering from a cold contract-  
ed on his trip to Canton. He is doing  
as much work as ever, but to visitors it  
is apparent that he is considerably indis-  
posed.

### Hawaiian Bill Signed.

Washington, April 30.—The president  
signed the Hawaiian bill at 12:40 this  
afternoon.

### Could Not Agree.

Washington, April 30.—The conferees  
on Porto Rico bill providing, for the ap-  
pointment of temporary officers in the  
island are unable to agree.

### Johnson Resigns.

Washington, April 30.—Claude M. John-  
son, chief of the bureau of engraving  
and printing, has tendered his resigna-  
tion to Secretary Gage.

### DEWEY AT CHICAGO.

He Enters the City Amid Booming of the  
Cannon and Cheers of People.

Chicago, April 30.—Amid the booming  
of cannon and cheers of hundreds of peo-  
ple Admiral George Dewey arrived at  
Chicago this morning. For the next  
three days he will be the guest of the  
city, and the programme for his enter-  
tainment will take up nearly every mo-  
ment of his time until his departure on  
Thursday morning for Jacksonville, Ills.

The special train bearing Admiral  
and Mrs. Dewey and his secretary, Lieut-  
enant Crawford, was met near South  
Chicago by a train carrying the general  
executive committee of the Dewey Day  
celebration and including Mayor Harri-  
son, President Charles A. Plamaendon  
and the admiral's son, George Goodwyn  
Dewey. The committee escorted the  
admiral through the streets to the audi-  
torium annex, the naval hero receiving  
a tremendous ovation all along the route.  
Mrs. Dewey preceded him to the hotel  
under an escort of the ladies' committee.

### Mourning for Mrs. Wilson.

Havana, April 30.—Matanzas city is  
in mourning over the death of Mrs.  
Wilson, wife of Major General James  
H. Wilson, military governor of the de-  
partment of Matanzas and Santa Clara,  
who died Saturday from the effects of  
injuries received that day by her dress  
catching fire from a match on which she  
stepped. Mrs. Wilson had become en-  
deared to all classes of the community  
and her death brought forth expressions  
of sympathy, not only from the resi-  
dents of Matanzas, but from people  
throughout the island, who have tele-  
graphed their condolences and expres-  
sions of sympathy to General Wilson  
and family.

### Serious Fire.

Gladwin, Mich., April 30.—Aided by  
a high wind a fire here Sunday night de-  
stroyed 16 buildings, including the Meth-  
odist church, Michigan Central depot  
the Brunswick hotel and city hose house  
causing a total loss \$50,000.

## ROOT'S SPEECH.

It May Produce Some Diplomatic Inqui-  
ries at State Department.

Washington, April 30.—Secretary  
Root's speech relative to Monroe doctrine  
is likely to be productive of some diplo-  
matic inquiries at the state department.

Herr Von Holleben, the German am-  
bassador, is in New York, and in his  
absence the under officials of embassy  
are disinclined to talk for publication  
about the secretary's remarks. It is  
emphatically asserted at the embassy,  
however, that there is no intention on  
the part of Germany to forcibly enter  
the western hemisphere. By the act of  
its representative at The Hague, the  
German government recognized the  
Monroe doctrine and it does not propose  
according to the embassy official, to  
violate it.

"Germany would prefer to keep her  
subjects at home," said one of the at-  
taches. "This is impossible, however,  
and a great many have emigrated into  
South America and to Asia Minor, are  
peacefully developing the country. It  
has been frequently reported that Ger-  
man colonization in South America was  
dangerous to the United States, but you  
may be sure that Germany has no hos-  
tile intentions against that country, and  
that the emigration of Germans to South  
America is simply in pursuit of a busi-  
ness policy."

It is said there are nearly a million  
German subjects in the southern part of  
Brazil. A private letter received from  
an American source near where the Ger-  
man colonists are established declared  
there is no truth in the report recently  
published that trouble was brewing be-  
tween the Germans and the natives.

Those close to Secretary Root say it is  
hardly likely that Germany, in the pre-  
sent undeveloped state of her navy,  
would like a crisis to be precipitated at  
this time. The secretary declined to  
discuss his speech and he refused to be  
seen.

The navy department has been paying  
attention to the colonization of southern  
Brazil by German subjects, and it is un-  
derstood Rear Admiral Bradford, chief  
of the bureau of equipment, has consid-  
ered the advisability of recommending  
that this government enter into negotia-  
tions with Brazil to establish a coaling  
station at Santa Calarina.

### LEADERS CONFER.

Mayor Harrison Says Illinois Will Send  
Bryan Delegates.

Chicago, April 30.—At a private con-  
ference held here Sunday night between  
W. J. Bryan, J. G. Johnson, chairman  
of the Democratic national executive  
committee, Willis J. Abbott, editor of  
The Bulletin, and Mayor Harrison, the  
latter assured Mr. Bryan that Illinois  
would send a solid Bryan delegation to  
the national convention. The fear men  
also discussed the situation in Illinois  
and throughout the country. When  
asked if the bid of Admiral Dewey for  
the presidential nomination was dis-  
cussed, the members of the conference  
said it was not. It was also agreed, it is  
said, that expansion would be made as  
prominent and as important issue in the  
campaign as any other. Ex-Governor J.  
P. Altgeld and several other prominent  
Democrats from different parts of the  
country also paid their respects to Mr.  
Bryan.

Mr. Bryan declared that conditions  
were shaping themselves to his satisfac-  
tion. He said it would be impossible  
for him to meet Admiral Dewey in Chi-  
cago because he had engagements to  
speak this week in Ohio and Michigan.  
He said he would return to this city on  
Saturday next. Mr. Bryan spoke at  
Port Huron, Mich., tonight.
